Western Attire for Test:

Long-sleeve white shirt (short-sleeve are acceptable but not desirable); 4-H tie or scarf; white, blue, or black pants; boots; belt; and 4-H hat (green for Juniors or white for Seniors), ASTM/SEI approved safety helmet, or white or off-white straw hat. Western felt hats are not allowed. Pants are to be worn outside of boots.

English Attire for Test:

Long-sleeve white shirt (short-sleeve are acceptable but not desirable); “Rat Catcher” Collar with pin or monogram, ties for males; breeches; belts (exception would be with English breeches which may not have belt loops); English boots; and ASTM/SEI approved helmet. Half chaps are permitted. Jodhpurs are permitted on exhibitors 10 years of age or less.

Post for testing must be a 4-H member and meet the following requirements:

Previously passed the 4-H performance Test:
Active and in good standing in Sacramento County 4-H Horse Club
Must wear boots while around horses
Must have turned in a complete Medical Release form and facility Release form

Equipment needed for test:

Grooming equipment (see study guide)
Halter and lead rope
English or Western tack
Approved Helmet

Own/Lease Horse: Passing the Performance Test does not automatically qualify member to participate in 4-H sanctioned events. All 4-H members must lease or own their horse a minimum of 120 days prior to any 4-H Show including Sacramento County Fair. Correct paperwork must be turned in on time, in addition to 4-H member being in good standing.
Sacramento County 4-H Horse Project
Application for Horse Performance Test
Showmanship Attire is the Attire for the Day, Including Riding Portion

A Few Rules and Regulations of the Sacramento County Performance Test

If you fail the Performance Test you may retake it; you might not have to retake the entire test. The Performance Test is broke down into 3 groups:

**In hand** (Safety test, Knots, Grooming, Foot Inspection, Showmanship, Terms)

**Riding Only** (Saddling, Bridling, Mounting, Control of Horse, Dismounting, Unbridling, unsaddling, parts of the saddle)

**Complete Test** (All of the above)

If you passed all of the In Hand part of the Complete Test then you will only have to retake the Riding Only Test

If you are a Walk/Jog (Trot) rider there is loping/ cantering in this test, if you lope/canter at this testing it does not count against you. If you do not lope/canter you will lose 60 points on the Control of Horse section of the test. The test can still be passed without problem if you choose not to lope/canter.

You must bring all your own equipment and supplies to the test

You must provide your own post they must be a member in good standing and fill out a medical release form.

Each 4-H member participating in this test will be expected to bring his/her own project horse. Members not using their own horse will have 100 points subtracted from their final score. However members with a young, unbroken horse may borrow a horse for the riding portion without losing the 100 points, if they use their own horse for the showmanship portion of the test. Horseless Horse Project members will be allowed to use another 4-Her's project horse for this test without losing the 100 points. A statement from their project leader must be on file with the Horse Resource Leader.

This Performance Test will be given on a county-wide basis and will be conducted by qualified members of the Performance Test Project.

Each 4-H Member will be expected to do the following with their project horse:

(Exceptions noted in preceding paragraphs)

Scores of 75 on Basic Horse Safety AND 750 points on the Performance Test are required to be eligible to enter classes at the 52nd District County Fair and/or any Sacramento county-wide events including but not limited to the Treasure Hunt, Competitive Trail Ride, Play day Horseshows, Exhibit Days, other 4-H Horse Shows open county-wide, the Trail Riding Project, Drill Team Project, and Mountain Horse Project.
